

# ONSITE SAFETY EYEWEAR FITTINGS

COMPLIANCE | SELECTION | PERSONALIZED SERVICE

Let our optical professionals, equipped with the specifics of your safety eyewear program, travel to your company to personally help your employees select and order their safety eyewear. This provides better safety eyewear compliance and a significant cost savings for your company.

## BENEFITS

- Better compliance with accurate measurements and program adherence.
- Larger frame selection for better fit and style.
- Personalized attention from selection, to order, to delivery.
- Significant cost and time savings:
  - Flat, hourly rate rather than a per order fee.
  - Safely fit and measure 8 employees per hour.
  - Accommodate shift schedules.
- For amounts above the company allowance, payments will be taken at the onsite at the time of order.

## COMMUNICATION IS KEY!

Onsite events are only successful when the company promotes the onsite appointments and details to their employees - and we're here to help you!

- Custom Employee Announcement Flyers
  - Dates/Times/Location
  - Appointment Sign-Up and Requirements
- Sign Up Forms: In-Person Form or Online
- Price and Product Guidelines
- Warranty and Policy Information
- COVID-19 Safety Procedures

## REQUIREMENTS

- Must have 25 or more employees in need of prescription safety eyewear to schedule an onsite event.
- Utilize our employee marketing and communication materials and your chosen scheduling option to promote the event.
- By law, to order and manufacture prescription safety eyewear, employees must provide a copy of their current prescription written by an eye doctor.
- The only form of payment accepted for overage amounts is HSA, credit card or debit card.
